

WBWC Board Meeting Minutes

June 2019

June 20, 2019, 7pm

Ecology Center, 339 E. Liberty, Ste. 300, Ann Arbor, MI

Board Members Present

Valerie Shinabarger

Matt Catanzarite

Seth Peterson

Larry Deck

Bradley Parsons

Robert Gordon

Erica Briggs

Board Members Not Present

Jaime Magiera

Guests Present

none

Adopted Agenda

Adopted Secretary's Report

Adopted Treasurer's Report

Project Updates

Licensing and Regulation (LARA) updated for 2019

Set up annual reminder to coincide with IRS (May), LARA (Fall)

Summer Party - August 17th

Collecting ideas, time (2-5?)

Follow up with AAATA regarding Bicycle Rack suggestions if we don't hear back by next meeting, response so far was positive

Ypsi Parkridge Festival 8/24/19

Move and approve grant for 50 helmets @ cost of 372.50

Discussed partnering with LMB for membership drive, likely best in the fall when we can offer joint membership offer.

Email list compilation on going, please add anyone you think should be part of the list, with special consideration given to the forthcoming call to action notice distribution.

Meeting Updates

Sierra club interested in partnering to help advocate for B2B underpass/crossings to move the project into higher priority.

Call to action for joint membership with LMB in the fall

Transportation Commission - next meeting July 17th

ROAD DIETS - forthcoming repaving gives August City council deadline for action

1. Earhardt - Majority public support

2. Traverwood - Majority public support

3. Green - fills bike network gap, but has neutral level of service score

Emphasize that these changes are temporary/trial based

HP 4738 - State Crosswalk ordinance

Can the language of the bill allow for local rules to supercede state law. If the Ann Arbor Local law would stand then the state crosswalk law is favorable for communities with no law in place.

Similar in some respects to the 3ft vs 5ft passing law.

2019 Mid Year Review

Progress so far includes the infrastructure survey, establishment of call to action email directory

Upcoming - vision zero integration into transportation plan for Ann Arbor, updated priority map with survey results, solicit entries for bike friendly communities and businesses throughout Washtenaw, infographic including safety facts about Ann Arbor, Washtenaw county for distribution (to counter egregious anti walk/bike infrastructure statements)

Next meeting July 18th

No August meeting unless deemed necessary

Advocacy Calendar

July 13th Pedal Pittsfield

July 17th Transportation Committee

Adjourn
